

Rainbow Street Public School

February 2017 project update

Progress summary

The Development Application (DA) has now been reviewed by Randwick City Council and the application has been approved. The finalised design will now be tendered to selected Contractors. The Department of Education will then assess these tenders to ensure that the best one is selected to deliver the works at Rainbow Street Public School.

Works have commenced on the temporary demountable school to the north of the site. All temporary classrooms, canteen, library and toilet blocks are now in place.

Next steps and key events

- Installation of fully accessible raised deck with covered walkways.
- Electrical, water and data services utilising underground ducts, installed from the front of the school, will be connected to temporary demountables.
- Issue of tenders proposed for March 2017.
- Completion of tenders proposed for April 2017
- Completion of the temporary demountable school proposed for June 2017.
- Commencement of the main works construction activities proposed for July 2017.
