Planning For The Future

Throughout your child's school life you will need to make choices about aspects of their education and future. Here's a selection of tips to help you plan for parent-teacher talks, subject selection, careers advice and back-to-school.

Maths At Home

Kids' early experiences with measurement are often based on watching their parents. Seeing mum or dad measure and pour ingredients for a recipe or weigh items at the fruit shop will often become part of their play.
