Year 6 Fun Day

Congratulations to the Year 6 student body who ran an outstanding Fun Day and raised \$1 610.00 for the purchase of a gift for the school. This was a testament to their hard work and dedication (as well as their wonderful parents) to make this day one to remember.

A huge thank you to Ms Goldspink, Mrs Zouroudis for their hard work in preparation; Mr Annetts, Mr Roche and Ms Cruz for their willingness to be soaked head to toe at the 'Sponge Throw'; and all the other teachers to helped us on the day.

Reverse Garbage Workshop

Next term Stage 2 students (Year 3 and 4) will have the opportunity to participate in an in-school workshop lead by two team members of the 'Reverse Garbage' team from Marrickville. The workshop will be held in the school hall on Wednesday 21 October. There will be a cost of \$8.

Reverse Garbage is a community run organisation that recycles all sorts of items which would normally be thrown out by manufacturing companies. Check out the web page to find out some interesting facts about what happens at 'Reverse Garbage'

Students will learn how to make sculptural art from a huge range of interesting, weird, unusual and creative recycled objects. We hope to see everyone in Stage 2 participate in this fun event.

School Holiday Road Safety Reminder For Families

With the school holidays approaching, daily routines will soon change. Different play locations and holiday destinations means different traffic environments. So to help keep our children safe, families are reminded about these key road safety points:

- **Stop, look, listen, think every time you cross the road.**

If your child is aged 8 years or younger hold their hand when walking near or across roads. If your child is 9-10 years old always actively supervise them.

- **It's the law that everyone wears a helmet when riding a bike in a public place.**

It makes sense to wear a helmet when riding scooters and skateboards too!

- **Click clack front 'n back every person for every trip.**

Everyone in the car must be securely buckled up in the right seatbelt or child restraint.

- **Talk to your child about being a safe road user.**

Reinforce safe road behaviours by being a good role model! Children learn safe road behaviours from the adults who care for them. Talk about what you are doing to be safe when near roads, in the car and when riding.

- **Point out road safety differences and dangers in new environments.**

This is especially important when on holidays in different surroundings. Roads, footpaths, parks, carparks, bike tracks and bike lanes may look different in holiday areas.

The best way to keep your child safe is to actively supervise them. Talk and teach your child about road safety every time you are out and about. Remind other adults who care for your children to do this too.

What a fabulous K-2 concert on Wednesday! Well done to all the students and staff for such a fabulous show. Thanks to the parents who helped with costumes and props – you are wonderful!

2/3M - Men in Black

2S – E.T aliens

Are you reading the Rambler? Have you given the correct email to the school or do you grab a paper copy from the office? Lots of staff, class reps and P & C members get asked questions all the time and the answers have already been provided in the Rambler. Please take 5 minutes on a Friday to read through it carefully and mark important dates in your diary.

Save the date - Saturday 24 October 2015! It is our Car Boot Sale in line with the Garage Sale Trail. More information will come soon. We will need volunteers to help on the day so please let us know on the note that will come home soon if you are available

It's the end of Term 3! Well done kids and families for another wonderful term. Have a safe and relaxing holiday and see you on Tuesday 6 October ☺
